## Soft Wax Comparison Chart

Comparison	CIRÉPIL Ease Classic Wax	TOO NAKED Zinc Oxide Wax
<b>Overview</b>	<ul style="list-style-type: none"> <li>• Classic, creamy smooth texture</li> <li>• Perfect for large body areas</li> <li>• Best for fine hair, dry skin types</li> <li>• Formulated with Coconut Oil and Titanium Dioxide</li> <li>• Ultra-thin application</li> <li>• Gluten-Free and Paraben Free</li> <li>• Vegan Formula</li> <li>• Cirépil products are Cruelty-Free</li> <li>• For use with Cirépil Non-Woven Strips</li> <li>• Pleasant non-perfume scent</li> </ul>	<ul style="list-style-type: none"> <li>• High density wax recommended for sensitive skin</li> <li>• Non-transparent wax known for its calming properties</li> <li>• Contains Titanium Dioxide making it extra creamy and gentle to the skin</li> <li>• Recommend for all hair types, mostly short and coarse</li> <li>• For best results, apply a thin layer for maximum adhesion</li> <li>• Fragrance-free</li> <li>• Custom-formulated and manufactured in Italy</li> </ul>
<b>Testing</b>	<p><b>Tested on coarse leg hair</b></p> <ul style="list-style-type: none"> <li>• Removed fine hairs and left some coarse hairs behind</li> <li>• Slight sticky residue</li> <li>• Did not compromise skin</li> </ul> <p><b>Tested on facial hair</b></p> <ul style="list-style-type: none"> <li>• Did not like the thick texture</li> <li>• Must be heated at the perfect temperature. Skin must be prepped for the right way, or it just rolls on and away from the skin</li> <li>• Removes vellus hairs and left coarse hairs behind</li> <li>• Left tacky residue on the skin</li> </ul>	<p><b>Tested on both coarse leg hair and facial hair</b></p> <ul style="list-style-type: none"> <li>• Thick consistency but spreads well even at a cooler temperature</li> <li>• Applies to the skin even if it is not prepped</li> <li>• Removed vellus hair and left some coarse hair behind</li> <li>• Slight tacky residue</li> <li>• Fragrance smells more like "wax"</li> </ul>
<b>Similarities</b>	<ul style="list-style-type: none"> <li>• Both products contain Coconut Oil and Titanium Dioxide</li> <li>• Thick creamy texture</li> <li>• Made for sensitive skin</li> <li>• Both were tested with both non-woven and fabric wax strips</li> </ul>	
<b>Conclusion</b>	<p>Testers prefer the TOO NAKED Zinc Oxide Soft Wax over CIRÉPIL Ease Soft Wax due to ease of use and less residue left on skin. Although it did not remove all coarse hairs, it left fewer behind than the CIRÉPIL Ease.</p>
